25 Years

From 11/3/2024 to 12/3/2024, the Department of Commerce organized an exhibition titled 'COM-COALESCE' as part of the Science Expo hosted by the Department of Electronic and PCA National College. This event witnessed active participation from our students, who displayed a remarkable level of enthusiasm and dedication, contributing significantly to the success of the exhibition. The central theme of 'COM-COALESCE' revolved around AI accounting, cryptocurrency, and Indian stock market operations, reflecting the contemporary relevance of these subjects in the realm of commerce and finance.

sessions, demonstrations, and informative displays, participants gained valuable insights into the evolving landscape of financial technologies and market trends. The practical application of theoretical concepts, coupled with real-world case studies, further enriched the learning experience, empowering students with practical skills and industry-relevant knowledge.

The collaborative effort put forth by both faculty and students resulted in a highly informative and engaging exhibition. The cohesive teamwork, innovative presentation styles, and in-depth analysis showcased by our students garnered appreciation from visitors and industry experts alike. 'COM-COALESCE' not only fostered academic growth but also encouraged critical thinking, problem-solving, and adaptability, essential attributes for success in the dynamic field of commerce and finance.

Overall, the exhibition served as a testament to the capabilities and potential of our students, highlighting their passion for learning and their readiness to explore cutting-edge concepts in the domains of AI, cryptocurrency, and financial markets. Moving forward, such initiatives will continue to play a pivotal role in shaping well-rounded professionals equipped to navigate the complexities of the modern business landscape.
